

# Serving Shareholders and Investors

The Mitsubishi Estate Group maintains good communication with shareholders, investors and all other stakeholders by proactively disclosing corporate information in a timely manner.

## Committed to Prompt, Accurate and Impartial Disclosure

Following its own Disclosure Regulations, Mitsubishi Estate publishes information that the Tokyo Stock Exchange's Security Listing Regulations mandates for timely release through TDnet (Timely Disclosure Network), a system operated by the exchange, as well as via other channels. Mitsubishi Estate is committed to the prompt, accurate and impartial disclosure of information to all of its shareholders and investors.

## Company Executives Give Briefings for Shareholders, Investors and Analysts

The IR Office, set up within Mitsubishi Estate's Corporate Communications Department, is a dedicated organization with the mission of disclosing appropriate information in a timely manner, publicizing management strategies, and providing feedback to the company drawn from views expressed in the capital markets. The IR Office provides accurate and impartial information to customers and the mass media, as well as to all shareholders, investors and analysts.

The IR Office's main IR activities consist of updating the Investor Relations page on Mitsubishi Estate's website, holding financial results briefings twice a year, holding small meetings with institutional investors, giving facility tours, and actively meeting with institutional investors in and outside Japan (about 420 such meetings were held in fiscal 2016). In fiscal 2017, the Group published a new medium-term management plan for fiscal 2017–2019. Company executives and general managers participate in briefings on financial results and the Group's long- and medium-term management plans and in small meetings with institutional investors. These opportunities for direct dialogue with shareholders and investors help to ensure that their views are incorporated into the management of the company.

The company also proactively participates in seminars organized by the stock exchange and securities companies to provide briefings for individual investors to enhance information disclosure and make it more broadly accessible to the investor community.

Mitsubishi Estate will continue its efforts to increase dissemination of IR information in English and augment its Integrated Report, IR explanatory material and Fact Book to improve communication with overseas investors.
